

# Eat Your Colors

Physical Activity for K - 3rd Graders

## Instructions:

1. Read each statement aloud to your students.
2. After each statement is read, allow students 30 seconds to go around the room to either find a partner who agrees with the statement or one with whom they can do the physical activity (as the case may be)
3. Students can only pair up with the same person once, so encourage them to move around the room to find new partners.
